

Virtual Keypad

3 My Keypad...the mobile security system application for people on the go!

My Keypad is the lifestyle-enhancing feature of Total Connect that works just like a security system keypad—letting you access and operate your system remotely from anywhere in the world when using your cell phone, BlackBerry, iPhone, iPod touch® or other wireless handheld device. You can even download a convenient Apple® iPhone App! My Keypad is the perfect fit for your active life because it's security that goes with you—letting you enjoy extra mobility without ever compromising your safety or peace of mind.

→ My Keypad Apple iPhone App

- Arm and check the status of your security system
- Disarm and silence your system
- Multiple account capability—great for vacation homes or franchises

- Bypass a door for unscheduled maintenance or service
- Control garage or warehouse doors
- Turn lights on and off remotely

Apple® and iPod touch are trademarks of Apple, Inc., registered in the U.S. and other countries. All logos shown are properties of their respective owners.

VIRTUAL KEYPAD, VIDEO AND E-MAIL
 REMOTE COMMUNICATION SERVICES

On the Go and in the Know!

Totally Connected

Three great ways to get the information you need whenever you want...wherever you are.

Honeywell's Total Connect lets you receive important alerts, keep a close eye on your home or business and control your security system remotely on the same mobile devices you use each and every day, wherever you are.

You can count on Total Connect's e-mail notification, video services and state-of-the-art virtual keypad applications for a level of awareness and peace of mind that is unmatched—helping you strengthen bonds, enhance communication and stay connected to your home or business...whether you're across the street or across the country. Isn't it time you got connected?

Ask your security professional for details today!

E-Mail Notification

- 1 E-mail alerts** provide you with up-to-date information about activity in and around your home...enhancing your awareness and peace of mind.

You can sign up to receive important e-mail notification via your cell phone, laptop, BlackBerry®, iPhone™ or any other web-enabled device. You'll get the information you need instantly so you can decide what action to take. Wherever you are, you can be alerted to important activities and system events occurring at your home or business, including:

- When the security system has been armed or disarmed
- When a safe or liquor cabinet has been opened
- When your child has arrived home from school
- When doors to restricted/hazardous areas or confidential files have been opened
- When a flood or temperature change is detected
- If motion is sensed in a protected area indoors or outdoors
- If a protected asset is moved (e.g. a painting, flat screen TV, office equipment or other valuable object)

Video Services

- 2 Effortlessly monitor** your home, family or business from any remote location.

With Honeywell's Total Connect Video Services, you can receive images of specific activity occurring around the interior or exterior of your home or business on your cell phone, BlackBerry, iPhone or laptop.

- A picture or series of pictures can be e-mailed to you upon the occurrence of an important event
- Can manually record video clips or take snapshots
- Keep an eye on your home or business
- Guard against trespassers
- Check up on the kids, nannies, babysitters, employees, service people and elderly relatives
- Screen visitors at entranceways
- Monitor vulnerable areas
- Great for vacation homes and investment properties
